Summary

First Stakeholder's group of semester 1, with ALOEN and Municipality of Lorient. This meeting was set up to present Empower and imagine the constitution and the aim of local stakeholder's group.

Conclusions & lessons learnt

This meeting set up the constitution of SH's group:

ALOEN, Lorient Agglomération and Lorient should of course be members of the stakeholder's group.

It was decided to set up meetings of this »core« local stakeholder's group and other would be or would be stakeholders, in order to:

- Present EMPOWER programm
- Punctually enhance the Local Stakeholder's group with local entrepreneurs, associations, etc.

Programme:

- Presentation of EMPOWER's project
- Design of Lorient's Local Stakeholder's group

Work for the next period:

Continue to implement EMPOWER's outputs in local projects.
Create a local community in order to build a local monitoring framework.
